## About us

Eastern Academy of Skill Development is dedicated to bridging the gap between theoretical education and practical industrial skills. We partner with colleges and industries to offer hands-on training, ensuring students gain real-world exposure alongside their academic learning.

*We believe that the key to success can be found among the youth.*

## What We Do ?

1. College Collaboration
2. Student Enrolment
3. Classroom Training
4. Industrial Visit & Training
5. Certification

## Supply Chain

- Dispatch Operations
